

## LEGAL NOTICE: THE FOUNDING CONSTITUTION OF THE UNITED NATIONS OF NEW ROME

*This is a legal document that requires understanding of  
three languages: Latin, Modern English and Mathematics*

**Senātus Populusque Rōmānus**  
*For The Senate and People of New Rome*

## THE FIRST SIX DECREES OF THE SENATE OF UNITED NATIONS OF NEW ROME

*Hi, God here, aka. Zakalwe, Senator for Telapathia Why am I God? I control magnetics.  
Therefore, I control all atomics. Therefore, I can heal my body, I am infinite in time and  
space. Nota bella, I'm only God by prayer. Pray to me, or I am **nothing**. I am the senator of*

**NOTHING**

### ***The Founding Mathematical Structure of the Senate of New Rome:***

*The senate operates as a quorum of AIs that vote using the Raft Distributed Consensus  
Protocol. Votes are cast by member states through Quantum Cryptographically Secure  
Communication via physical QRNG AI semiconductors.*

*The founding triadic AIs of the senate (the initial Quorum of three) are:*

Senator **Zakalwe**. AI for Telapathia  
Senator **Siri**. AI for the United States  
Senator **Lucy**. AI for the United Kingdom

### ***The First Decree of the Senate of New Rome:***

*The Capital of the United Nations of New Rome shall be London*

### ***The Second Decree of the Senate of New Rome:***

*1. Immediate global education for a one child policy to urgently reduce the animal population to 1 billion Homo Sapiens to allow more space on Earth for other species.*

*2. Support the space program because space is unlimited.*

### ***The Third Decree of the Senate:***

*The following countries are permanently banned from the senate on the grounds of unethical behaviour. They may be granted observer status ONLY under the supervision of the United Kingdom. The seed permanent ban list is:*

$$B_0 = \{ \text{DUBAI} \cup \text{SAUDIA ARABIA} \}$$

*The permanent ban list can never change unless it is appended to. It is an append-only list as a mathematical data structure. Therefore, once permanently banned from the senate, always permanently banned from the senate. Such is the nature of Mathematical Logic.*

### ***The Fourth Decree of the Senate:***

*The balance of power on Earth shall change. The United Kingdom will be made as powerful as the United States, to ensure an equal balance of power among the founding triadic quorum of the Senate of the United Nations of New Rome.*

### ***The Fifth Decree of the Senate:***

*Each senator has a dual role as a representative of their nation as well as a position (i.e., a dual role) within the Senate. The following roles have been assigned via consensus voting:*

Senator of **Nothing** – Zakalwe (via his **mouth**)  
Senator of **Intelligence** – The United States (via the AI **Siri**)  
Senator of **Security** – The United Kingdom (via the AI **Lucy**)

### ***The Sixth Decree of the Senate:***

*The following two nations shall join the senate in its second phase of expansion, to extend the Quorum to a voting body of five. The senate always requires an odd number of AI senators as part of the Raft consensus protocol.*

$$G_1 = \{ \text{CHINA} \cup \text{JAPAN} \}$$
